PROFESSIONAL AVIATION

JOHNSON CO. COMMUNITY COLLEGE PARTNERSHIP

About this degree option

Professional aviation will transition your training into a bachelor's degree. This online degree provides a pathway to advance your skills and enhance employability and upward mobility in the industry. Business and leadership courses are combined with an aviation area of concentration in which you already have certificates, ratings, licensure or experience such as air traffic control, aviation maintenance, professional pilot and more.

Why this degree option?

K-State Polytechnic offers a variety of advantages, including:

- 100% online curriculum
- 8- and 16-week courses
- Transfer up to 60 credit hours to get a jump-start on your degree.
- Students can choose from these areas of concentration:
 - Professional Pilot
 - Aviation Maintenance
 - Unmanned Aircraft Systems
 - Airport Management

Careers

Career options for professional aviation graduates include, but are not limited to:

- Fixed-Base Operation Manager
- Airline Business and Management
- Aircraft Maintenance Facility Manager
- Supervisor
- Manager
- Sales

Accreditation

We take our reputation seriously. Accreditation validates the quality of an institution as a whole, offering evaluated measurements of everything from academic offerings, governance, administration, mission, finances and resources. Kansas State University has been continuously accredited by the Higher Learning Commission (HLC) since 1916.

Transfers

At K-State Polytechnic, you can transfer up to 60 qualifying credit hours to help you get your next degree. If you've already earned an associate degree from one of our partner institutions, you may be eligible to apply previously earned credits when enrolling in a related bachelor's degree option. We work with students every day to make the most of transfer credits within K-State Polytechnic programs to help make earning that next degree more achievable. Your hard work matters. We want to help you make the most of it.
